Directions from the North side of Charlotte:

- **Take I-85 south to NC HWY 16 exit. (not sure of exit number but think it says NEWTON). Exit on to 16 and go north (right) on 16.**
- **Four lane road all the way. Stay on 16 until you cross the Catawba River (Mtn. Island Lake - big bridge). Turn left at first traffic light after crossing bridge. Riverbend Steam Station is on right.**
- **You go up a hill and there's a sharp right hand curve. (Not sure what they actually call this stretch of road but it is the old two-lane hwy 16.) You cross the railroad track that goes to Riverbend. Just past the railroad there are two roads that intersect this road on the left. The first is NC HWY 273 to Mt. Holly. The second one is Cox Lake road. They are so close together that the yellow 'diamond' intersection sign has both of them on the same sign. Turn left on to Cox Lake road.**
- **You stay on Cox lake until you come to a stop-sign. Turn left at this stop-sign on to Stanley-Lucia rd. You only got about 1/2 mile on this road until you turn right on to Alexis-Lucia road. (This is the first road on the right.)**
- **You will cross two bridges on this road and go several miles until you come to another stop sign. Turn right and then immediately turn left. It is almost a cross road but they missed by a few feet. This will still be Alexis-Lucia road.**
- **You will come to a traffic light. This is Alexis and NC HWY 27. Turn right at the light on to 27. 6/10ths of a mile from there you will see the county line sign on the left hand side of 27 that says LEAVING GASTON CO./ENTERING LINCOLN CO.**
- **Just past this sign on the other side (right) are two paved driveways. The second is Al Hager lane. There is a big sign that says TRI COUNTY ANIMAL RESCUE. Turn right off of 27 on to Al Hager. We are right behind the small gray house.**
